ON CAMPUS INVOLVEMENT

Activist of Himpunan Mahasiswa Teknik Informatika BINUS
As an activist in HIMTI, I have participated and learned a lot from many HIMTI's events. I worked together with other activists in held events. While being an activist I have participated and entrusted as :

Manager of Responsi Division   January 2021 – present
- Determine the implementation date for the class to review learning material for all students under the School of Computer Science in preparing mid-term dan final exams.
- Organize all process in looking for a lecturer and place to be held the review class.
- Together with the members of Responsi division, make summaries of learning materials for mid-term and final exams for all students under the School of Computer Science.

Mentor at HILET (HIMTI Leadership Training)   February 2020 – March 2021
- Share information about personal experiences as an activist in HIMTI, provide guidance, motivation, and emotional support to new activist candidate.

Coordinator of PBC Division in HTTP 2020   April 2020 – September 2020
(HIMTI Togetherness and Top Performance)
- Held "Introduction to C Language" classes for new Students with 500 participants divided into 4 batches.
- Looking for the teachers for PBC classes and prepare all technical things related to this event.

Member of Fund-Raising Division in Computer Run   April 2020 – January 2021
- I have participated in funds-raising for the preparation of Computer Run event.

VOLUNTEER EXPERIENCE

SMA BHK CUP and Art Festival 2017 "Ergometra"   May 2017 – October 2017
- I have participated as a member of Security Division during the event.

SMA BHK CUP and Art Festival 2018 "Archipelago"   May 2018 – October 2018
- I have participated in a member of Body Checking Division during the event.

SKILLS & INTERESTS

Technical: C, C#, Java, Javascript, HTML, CSS, SQL SERVER, Ms.Word, Powerpoint.
Language: Indonesia(native), English(fluent)
Interests: Interested in exploring the tools for web application development and interested in being involved in the software development process so that I can use my knowledge about software engineering principles that I got from my studies. And in my spare time I enjoy playing badminton with my friends to keep me fit.
